

APOLLO GLOBAL MANAGEMENT, INC.

AUDIT COMMITTEE CHARTER

Effective as of February 21, 2023

I. Purpose

The Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of Apollo Global Management, Inc., a Delaware corporation (the “Company”), shall oversee:

- (a) the integrity of the financial statements and other financial information provided by the Company to its shareholders, the public, any stock exchange and others;
- (b) the Company’s compliance with legal and regulatory requirements;
- (c) the qualifications, independence and performance of the Company’s independent auditor;
- (d) the performance of the Company’s internal audit function and its system of internal controls, and
- (e) such other matters as are assigned to the Committee by the Board pursuant to this Charter or as mandated under applicable laws, rules and regulations (including the Securities Exchange Act of 1934 and the rules promulgated thereunder, as amended (the “Exchange Act”)) as well as listing standards of the New York Stock Exchange (together, the “Applicable Requirements”).

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. The members of the Committee are not full-time employees of the Company and may or may not be accountants or auditors by profession or experts in the fields of accounting or auditing and, in any event, do not serve in such capacity. Consequently, it is not the duty of the Committee to conduct audits or to determine that the Company’s financial statements and disclosures are complete and accurate and are in accordance with Generally Accepted Accounting Principles (“GAAP”) and other Applicable Requirements. These are the responsibilities of management and the Company’s independent auditor.

II. Organization

The Committee shall consist of three or more directors, each of whom shall satisfy the independence, financial literacy, and other qualifications required by Rule 10A-3 of the Exchange Act and any other Applicable Requirements. At least one member of the Committee shall be an “audit committee financial expert”, as defined by the Securities and Exchange Commission (the “SEC”). Determinations of independence,

financial literacy, experience and expertise shall be made by the Board as the Board interprets such qualifications in its business judgment.

No Committee member shall simultaneously serve on the audit committees of more than two other public companies unless the Board determines that such simultaneous service does not impair the ability of such member to effectively serve on the Committee and such determination is disclosed on the Company's website or in the Company's proxy statement or otherwise in accordance with the Applicable Requirements. Directors should advise the Board Chair and the chair of the Nominating and Corporate Governance Committee in advance of accepting an invitation to serve on another public company audit committee.

Members of the Committee shall be appointed by the Board. Members of the Committee may be removed at any time by action of the Board. The Committee's chairperson shall be designated by the Board or, if not so designated, the members of the Committee shall elect a chairperson by a vote of the majority of the full Committee.

The Committee may form and delegate authority to subcommittees from time to time as it sees fit, provided that the subcommittees are composed entirely of directors who satisfy the applicable independence requirements of the Applicable Requirements.

III. Meetings

The Committee shall meet as frequently as necessary in order to fulfill its responsibilities under this Charter. Meetings shall be called by the chairperson of the Committee or, if there is no chairperson, by a majority of the members of the Committee. The chairperson shall preside at all meetings of the Committee. The agendas for the meetings shall be set under the direction of the chairperson. In the absence of the chairperson at a duly convened meeting, the Committee or the chairperson shall select a member of the Committee to serve as chairperson of the meeting. Meetings may be held by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, or by other electronic means to the extent permitted by the Company's organizational documents and applicable law. In addition, Committee actions may be taken by unanimous written consent. A majority of the total number of members of the Committee shall constitute a quorum at all Committee meetings. The Committee shall maintain minutes of its meetings and records relating to those meetings.

The Committee shall also meet periodically with management, including the Company's chief legal officer, the Company's chief internal auditor and the Company's independent auditor in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately.

IV. Authority and Responsibilities

In fulfilling its duties and responsibilities hereunder, the Committee will be entitled to rely reasonably on (a) the integrity of those persons within the Company and the professionals and experts (such as the Company's independent auditor) from whom it

receives information, (b) the accuracy of the financial and other information provided to the Committee by such persons and (c) representations made by the Company's independent auditor as to any services provided by such firm to the Company.

To fulfill its responsibilities, the Committee shall:

With respect to the engagement of the Company's independent and other auditors:

1. Be directly responsible for (a) the appointment, compensation, retention, (including termination), scope and oversight of the work of any independent registered public accounting firm engaged by the Company (including for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services or other work for the Company), and (b) the resolution of any disagreements between management and any such firm regarding financial reporting.
2. Have the sole authority to review in advance, and pre-approve (which may be pursuant to pre-approval policies and procedures) all audit or non-audit services to be provided by the Company's independent or other auditors as permitted by Section 10A of the Exchange Act and to approve all related fees and other terms of engagement. The Committee shall also review and approve disclosures required to be included by the Company in periodic reports filed with the SEC under Section 13(a) of the Exchange Act with respect to audit and non-audit services.
3. At least annually, obtain and review a formal written report from the Company's independent auditor (a) describing such firm's internal quality control procedures, (b) describing any material issues raised by the most recent internal quality control review, peer review or Public Company Accounting Oversight Board ("PCAOB") review or inspection of such firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by such firm, and any steps taken to deal with any such issues, and (c) assessing such firm's independence, including delineating all relationships and engagements that may reasonably be thought to bear on the objectivity and independence of the auditor, including those between the auditor and the Company. The Committee shall discuss this report with the Company's independent auditor and shall take appropriate action to ensure the independence of the independent auditor and to address any other matters based on such report.
4. Confirm that the "lead partner," the "concurring partner" and the other "audit partner" rotation requirements under the Applicable Requirements, including Regulation S-X have been complied with. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the Company's independent registered public accounting firm on a regular basis.

5. Review all reports and communications required to be submitted by the Company's independent registered public accounting firm to the Committee under Section 10A of the Securities Exchange Act and other Applicable Requirements or PCAOB auditing standards.
6. At least annually, evaluate the performance of the Company's independent auditor, including the lead audit partner. In making its evaluation, the Committee should take into account the opinions of management and the internal audit group.
7. Review and approve the Company's hiring policies regarding partners, employees and former partners and employees of the Company's independent auditor.

With respect to the Company's financial statements and other financial reporting:

8. 9. Recommend to the Board whether the Company's annual audited financial statements should be included in the Company's annual report for filing with the SEC and prepare the report required by the SEC to be included in the Company's annual proxy statement, if applicable, and any other reports of the Committee required by any Applicable Requirement.
10. Review and discuss with management and the Company's independent auditor (a) major issues regarding, or significant changes in, the Company's accounting principles and financial statement presentations, including complex or unusual transactions and highly judgmental areas, and significant auditing and regulatory pronouncements, (b) analyses prepared by management or the Company's independent auditor concerning significant financial reporting issues and judgments made in connection with the preparation of the financial statements, (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company, and (d) the type and presentation of information to be included in earnings press releases and any financial information and earnings guidance provided to analysts and rating agencies.
11. Prior to the filing of any audited financial statements with the SEC, review with the Company's independent auditor (a) all critical accounting policies and practices used by the Company, (b) all alternative accounting treatments of financial information reported in GAAP related to material items that have been discussed with management, including the ramifications of the use of such alternative treatments and disclosures and the treatment preferred by the Company's independent auditor, (c) any reports or communications (and

management's responses thereto) submitted to the Committee by the Company's independent auditor in accordance with PCAOB auditing standards and (d) any other material written communications between the Company's independent auditor and management.

12. Periodically review separately with each of management, the Company's independent auditor and the internal audit group (a) any significant disagreement between management and the Company's independent auditor or the internal audit group in connection with the preparation of the financial statements, (b) any audit problems or difficulties encountered during the course of the audit, including any restrictions on the scope of work or access to required information, and (c) management's response to each. The Committee shall discuss with the independent auditor material issues on which the national office of the independent auditor was consulted by the Company's audit team.
13. Periodically discuss with the Company's independent auditor, without management being present, (a) their judgment about the quality, integrity and appropriateness of the Company's accounting principles and financial disclosure practices as applied in its financial reporting and (b) the completeness and accuracy of the Company's financial statements.
14. Review and discuss with management the Company's earnings press releases, including the use of non-GAAP financial measures and other "pro forma" or "adjusted" presentations, as well as financial information and earnings guidance provided to analysts and rating agencies. Such discussions may be general (consisting of discussing the types of information to be disclosed and the types of presentations to be made), and each earnings release or each instance in which the Company provides earnings guidance need not be discussed in advance.
15. Review and discuss with management all material off-balance sheet transactions, arrangements, obligations (including contingent obligations) and other relationships of the Company with unconsolidated entities or other persons.
16. Review and discuss with management and the internal audit group the Company's major financial risk exposures and management's risk assessment and risk management policies.

With respect to the internal audit function and internal controls:

20. In consultation with the Company's management, independent auditor and the internal audit group, review the adequacy of the Company's internal controls over financial reporting, disclosure processes and its procedures designed to ensure compliance with laws and regulations, and any special audit steps adopted in light of material control deficiencies.
21. Review (a) the internal control report prepared by management, including management's assessment of the effectiveness of the Company's internal control over financial reporting and (b) the Company's independent auditor's attestation and report on the assessment made by management, in each case, as and when required by applicable securities laws. Discuss with management, the internal audit group and the independent auditor any changes in internal control over financial reporting disclosed or considered for disclosure in the Company's periodic filings with the SEC.
22. Review with management and the Company's independent auditor any reports or disclosure submitted by management to the Committee as contemplated by the certifications required under Section 302 of the Sarbanes-Oxley Act of 2002.
23. Review with management any management letters and the steps management intends to take to address the issues raised by those letters.

With respect to the Company's compliance programs:

24. Oversee, review and discuss with management, at least annually, the implementation and effectiveness of the Company's compliance and ethics programs, including the Code of Business Conduct and Ethics and any material amendments thereto. Review and take appropriate action with respect to any reports to the Committee from legal counsel for the Company concerning any material violation of securities law or breach of fiduciary duty or similar violation by the Company, its subsidiaries or any person acting on their behalf. As appropriate, the Committee shall report and make recommendations to the Board with respect to these matters.

26. Review and approve (a) any waiver from the Company's Code of Business Conduct and Ethics for any executive officer or director of the Company and (b) any public disclosure made regarding such waiver and advise the Board with respect to the Company's policies and procedures regarding compliance with the Company's Code of Business Conduct and Ethics.

27. Receive and discuss, as the Committee deems appropriate, complaints regarding accounting, internal accounting controls or auditing matters, and reports from management regarding ethics violations under the Company's Code of Business Conduct and Ethics.
28. Review policies and procedures for the approval or ratification of related person transactions required to be disclosed pursuant to Item 404 of Regulation S-K, as may be amended from time to time, and any other applicable requirements (the "Related Person Transactions Policy"). Review the Related Person Transactions Policy at least annually and approve any changes to the Policy. Oversee the implementation of and compliance with the Related Person Transactions Policy, including reviewing, approving or ratifying related person transactions, as appropriate pursuant to the Related Person Transactions Policy.
29. Review with management, the independent registered public accounting firm, and legal advisors, as appropriate, (a) any legal, regulatory or compliance matters, including any correspondence with regulators or government agencies and any employee complaints or published reports that raise material issues regarding the Company's financial statements or accounting policies and (b) any significant changes in accounting standards or rules promulgated by the Financial Accounting Standards Board, the SEC or other regulatory authorities.

With respect to the Committee's other authorities and responsibilities:

30. Review and assess annually its own performance and the adequacy of this Charter and recommend to the Board any changes to this Charter deemed appropriate by the Committee.
