HeartBeam Announces Proposed Public Offering of Common Stock

SANTA CLARA, Calif.--(BUSINESS WIRE)-- [HeartBeam, Inc.](#) (NASDAQ: BEAT), a medical technology company focused on transforming cardiac care by providing powerful cardiac insights, today announced that it is commencing an underwritten public offering of shares of its common stock (or common stock equivalents). All of the securities to be sold in the proposed offering will be offered by HeartBeam. The proposed offering is subject to market and other conditions, and there can be no assurance as to whether or when the offering may be completed, or as to the actual size or terms of the offering.

The Company intends to use the net proceeds from this offering to advance commercialization of its FDA-cleared 12-lead synthesized ECG system, advance development of its extended-wear patch and heart attack detection initiatives, further enhance its AI capabilities, and for working capital and general corporate purposes.

Titan Partners, a division of American Capital Partners, is acting as the sole bookrunner for the proposed offering.

This offering is being made by HeartBeam pursuant to a shelf registration statement on Form S-3/A (File No. 333-293307) previously filed with the U.S. Securities and Exchange Commission (the "SEC") on February 9, 2026, as amended, and declared effective by the SEC on March 17, 2026. A preliminary prospectus supplement and accompanying prospectus relating to the offering will be filed with the SEC and will be available on the SEC's website at www.sec.gov. Copies of the preliminary prospectus supplement and accompanying prospectus relating to the offering, when available, may also be obtained by contacting Titan Partners Group LLC, a division of American Capital Partners, LLC, 4 World Trade Center, 49th Floor, New York, NY 10007, by phone at (929) 833-1246 or by email at prospectus@titanpartnersgrp.com.

This press release shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor will there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such state or jurisdiction.

About HeartBeam, Inc.

HeartBeam, Inc. (NASDAQ: BEAT) is a medical technology company dedicated to transforming the detection and monitoring of critical cardiac conditions. The Company is creating the first-ever cable-free device capable of collecting ECG signals in 3D, from three non-coplanar directions, and synthesizing the signals into a 12-lead ECG. This platform technology is designed for portable devices that can be used wherever the patient is to deliver actionable heart intelligence. Physicians will be able to identify cardiac health trends and acute conditions and direct patients to the appropriate care – all outside of a medical facility, thus redefining the future of cardiac health management. HeartBeam's 3D ECG

technology received FDA clearance for arrhythmia assessment in December 2024, and the 12-Lead ECG synthesis software received FDA clearance for arrhythmia assessment in December 2025¹. The Company holds over 20 issued patents related to technology enablement. For additional information, visit [HeartBeam.com](https://www.heartbeam.com).
