

QUALCOMM INCORPORATED
CHARTER OF THE GOVERNANCE COMMITTEE OF
THE BOARD OF DIRECTORS

PURPOSE

The Governance Committee (the “Committee”) of the Board of Directors (the “Board”) of QUALCOMM Incorporated (the “Company”) was established to assist the Board in fulfilling its responsibilities by, among other things, (i) providing oversight on corporate governance matters; (ii) identifying, reviewing and evaluating individuals qualified to become Board members; (iii) recommending director nominees for the Board and each standing committee, as well as the Chair of the Board and, if appointed by the Board, the Lead Independent Director; and (iv) assisting the Board with Chief Executive Officer succession matters. This charter specifies the scope of authority and responsibility of the Committee.

ORGANIZATION, MEMBERSHIP AND MEETINGS

1. The Committee shall be comprised of three or more Board members who meet the independence requirements contained in the NASDAQ listing standards, as determined by the Board. Any action taken by the Committee during a period in which one (or more) of the members fails for any reason to meet the membership requirements set forth in the preceding sentence shall still constitute duly authorized actions of the Committee for all corporate purposes.

2. The members of the Committee, including the chair of the Committee, shall be appointed annually by the Board. Members may be added, removed or replaced by the Board at any time, but shall otherwise serve until a successor has been named.

3. The Committee shall have the authority to form and delegate responsibilities to subcommittees as it deems appropriate.

4. The Committee shall meet from time to time, as it deems necessary, but generally at least four times per year. The Committee may include management at its meetings, but shall also generally hold an executive session at each meeting at which only independent directors are present.

5. The Committee shall maintain written minutes of its meetings, which minutes shall be filed in the corporate minute book.

The Committee shall also review, approve and recommend to the Board the list of officers subject to Section 16 of the Securities Exchange Act of 1934, as amended, and subject to the trading windows contained in the ITP. The Committee shall receive annually a report concerning those persons other than Section 16 officers who are subject to the trading windows contained in the ITP.

As provided in the Company's Political Contributions and Expenditures Policy (the "Policy"), the Committee shall oversee the Company's political activity and contributions to ensure consistency with the Company's business objectives and public policy priorities, including reviewing the Policy annually and reviewing a report on the Company's political contributions and expenditures no less than annually.

8. Review at least annually the Company's environmental, social and governance ("ESG") policies, programs, initiatives and reporting.

9. Review and approve the disclosures made by the Company in the Company's proxy statement or other documents filed with the Securities and Exchange Commission with respect to matters of corporate governance, including qualifications of Board members.

10. Periodically review the stock ownership guidelines established for the Company's executive officers and non-employee directors, and recommend any revisions to the Board. Also, review annually compliance with the stock ownership guidelines.

11. Develop and implement annually a self-evaluation of its own performance.

12. Oversee the management of risks associated with the matters for which the Committee is responsible.

13. Nominating Functions

1. Actively seek individuals qualified to become Board members and make recommendations to the Board regarding Board nominees, including an annual recommendation with respect to those individuals to be nominated for election at the Company's annual meeting of stockholders. As part of this process the Committee shall consult with Board members, management and others to evaluate the knowledge, skills and other factors that should be considered in making nominations, including those set forth in the Company's Corporate Governance Principles and Practices.

2. Review annually and make recommendations to the Board regarding the membership and chairs of Board committees, as well as the Chair of the Board and, if appointed by the Board, a Lead Independent Director, taking into account the special skills required for service on particular committees, past performance in Board and committee service, tenure and such other facts the Committee shall deem appropriate.

3. Affirmatively determine that the requisite number of Board members serving on committees of the Board, including the Governance Committee, meet the independence requirements contained in the NASDAQ listing standards.

4. In making its annual recommendations for Board and Board committee nominees, (a) consider the Board and committee needs identified in the evaluations described below, and (b) as set forth in the Company's Corporate Governance Principles and Practices, review candidates for Board membership recommended by qualified stockholders.

5. Periodically evaluate the size and composition of the Board, make recommendations to the Board as a result of such evaluations, and consider and make recommendations to the Board regarding comments from stockholders relating to Board composition.

Board Matters

1. Review and approve, to avoid redundancy or inconsistency, charters for all committees of the Board, which charters shall be submitted to the Board for final approval.

2. Develop a system for Board and Board committee evaluation and coordinate the annual review and appraisal of the performance of the Board and its committees, including the effectiveness of the Board's and its committees' meeting procedures, agendas, calendars and minutes.

3. Provide oversight with respect to the orientation process for new Board members and encourage participation in corporate governance related continuing education by all Board members.

4. Evaluate the appropriateness of continued Board membership of any Board member who experiences material changed circumstances that could pose a conflict of interest, diminish his or her effectiveness as a Board member or otherwise be detrimental to the Company, as provided in the Company's Corporate Governance Principles and Practices.

5. Evaluate the appropriateness of any Board member's acceptance of an offer to join another company's board of directors based on the factors set forth in the Company's Corporate Governance Principles and Practices, and communicate to the Board the Committee's decision regarding whether, in the Committee's view, it is appropriate for such Board member to accept the offer.

6. In accordance with the Company's majority vote policy, as set forth in the Company's Corporate Governance Principles and Practices and its Bylaws, evaluate the appropriateness of continued Board membership of any Board member who, in an uncontested election, receives a greater number of "withhold" votes than votes "for" his or her election and make a recommendation to the Board as to the action, if any, it deems appropriate to be taken with respect to the voting results.

Stockholder Communications and Stockholder Proposals

1. Review any stockholder communications forwarded by the Company's General Counsel (other than communications relating to subjects within the areas of responsibility of other committees), and take any action it deems appropriate with respect to such stockholder communications.

2. Review any stockholder proposals received for inclusion in the Company's proxy materials and approve any responses to such proposals. In the event that a stockholder proposal primarily concerns a topic that is within the responsibility of another committee, the Committee may delegate the responsibility for reviewing and responding to the stockholder proposal to the other committee.
