

January 7, 2015

Matinas BioPharma to Present at the Biotech Showcase 2015 Conference on January 14, 2015

Live Audio Webcast Presentation on Wednesday, January 14, 2015, at 3:00 p.m. Pacific Time / 6:00 p.m. Eastern Time

BEDMINSTER, N.J., Jan. 7, 2015 (GLOBE NEWSWIRE) --[Matinas BioPharma Holdings, Inc.](#) ("Matinas BioPharma" or the "Company") (OTCQB:MTNB), an emerging biopharmaceutical company focused on the development and commercialization of omega-3 fatty acid-based prescription therapeutics for the treatment of cardiovascular and metabolic conditions, announced today that Roelof Rongen, President and Chief Executive Officer, will be presenting at Biotech Showcase 2015 on Wednesday, January 14, 2015.

Event: [Biotech Showcase 2015](#)

Date: Wednesday, January 14, 2015

Time: 3:00 p.m. Pacific Time / 6:00 p.m. Eastern Time

Location: Parc 55 Wyndham Union Square, San Francisco, CA

Mr. Rongen will provide an overview of the Company's lead product candidate [MAT9001](#), a proprietary prescription-only omega-3 fatty acid-based composition under clinical development for the treatment of severe hypertriglyceridemia (TG>500 mg/dL).

A live audio webcast of the presentation will be available on the Company's website (www.matinasbiopharma.com) in the Investor Relations section on the Events page at <http://ir.matinasbiopharma.com/events>. The webcast replay will be available approximately two hours after the presentation ends and will be accessible for one month.

About Biotech Showcase™ 2015

The [Biotech Showcase 2015](#) conference takes place January 12-14, 2015, at the Parc 55 Wyndham Hotel located in Union Square, San Francisco, California. Biotech Showcase is an investor and partnering conference devoted to providing private and public biotechnology and life sciences companies an opportunity to present to, and meet with, investors and pharmaceutical executives during the course of one of the industry's largest annual healthcare investor conferences. Now in its seventh year, Biotech Showcase is expected to attract upwards of 1,500 attendees.

About MAT9001

[MAT9001](#) is a proprietary prescription-only omega-3 fatty acid-based composition, comprising docosa-pentaenoic acid (DPA) and other omega-3 fatty acids, which is under development for therapeutic applications with severe hypertriglyceridemia (TG>500 mg/dL) as the lead indication. Promising pre-clinical studies with DPA and MAT9001 indicate distinctive therapeutic response properties. The Company has recently filed an IND for MAT9001 and initiated its first human study in the fourth quarter of 2014. The Company believes that its development program and related clinical investigations may yield an improved therapeutic profile compared to existing therapies, based on MAT9001's differentiating mechanistic features associated with its unique composition.

About Matinas BioPharma

Matinas BioPharma is a development stage biopharmaceutical company, founded in 2011, with a focus on identifying and developing novel pharmaceutical products for the treatment of abnormalities in blood lipids, referred to as dyslipidemia, and the treatment of cardiovascular and metabolic diseases. Led by an experienced management team and a board of directors with a history of building pharmaceutical companies, Matinas is focused on creating the next generation of omega-3-fatty-acid-based pharmaceutical products. Our lead product, MAT9001, which takes advantage of advancements in the field of lipidomics, has been specifically designed and formulated for therapeutic applications in the dyslipidemia field. Forward Looking Statements: *This release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, including those relating to the Company's product development, clinical and regulatory timelines, market opportunity, cash flow and other statements that are predictive in nature, that depend upon or refer to future events or conditions. All statements other than statements of historical fact are statements that could be forward-looking statements. Forward-looking statements include words such as "expects," "anticipates," "intends," "plans," "could", "believes," "estimates" and similar expressions. These statements involve known and unknown risks, uncertainties and other factors which may cause actual results to be materially different from any future results expressed or implied by the forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, including, but not limited to, our ability to successfully complete research and further development and commercialization of MAT9001; our ability to obtain additional capital to meet our liquidity needs on acceptable terms, or at all, including the additional capital which will be necessary to complete the clinical trials for MAT9001; the uncertainties inherent in clinical testing; the timing, cost and uncertainty of obtaining regulatory approvals; our ability to protect the Company's intellectual property; the loss of any executive officers or key personnel or consultants; competition; changes in the regulatory landscape or the imposition of regulations that affect the Company's products; and the other factors listed under "Risk Factors" in our filings with the SEC, including Forms 10-K, 10-Q and 8-K. Prospective investors are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date of this release. Except as may be required by law, the Company does not undertake any obligation to release publicly any revisions to such forward-looking statement to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Matinas BioPharma's lead product candidate MAT9001 is in a development stage and is not available for sale or use.*
