Assure Holdings Announces Option Issuance

DENVER, Jan. 16, 2019 (GLOBE NEWSWIRE) -- Assure Holdings Corp. (the "Company" or "Assure") (TSXV: IOM; OTCQB: ARHH), a provider of intraoperative neuromonitoring services, announces that further to a board meeting held on January 14, 2019, it has issued an aggregate of 1,041,000 options to purchase common shares of the Company (the "Options") to officers, employees, directors and consultants of the Company.

This follows the January 8, 2019, announcement that Founder and Director Preston Parsons offered to give back one million Options to support the Company's retention and recruitment.

Each of the Options issued will be exercisable at US\$1.56 (equivalent to C\$2.07, based on the noon exchange rate set by the Bank of Canada on January 14, 2019). 20% of each option issuance will vest immediately and one sixth of the balance will vest every 6 months thereafter.

Current insiders of the Company were issued the following options: (i) John Farlinger, the Executive Chairman and Interim Chief Executive officer of the Company will receive 117,000 Options; (ii) Martin Burian, the Chairman of the Audit Committee will receive 150,000 Options; (iii) Scott Page, the Chairman of the Compensation Committee will receive 150,000 Options; (iv) Dr. Chris Rumana will receive 150,000 Options; and (v) Trent Carman, Chief Financial Officer will receive 157,000 Options. The Options will have an expiry date of 5 years from the grant date. All Options issued are subject to regulatory approval.

About Assure Holdings

Assure Holdings Corp. is a Colorado-based company that works with neurosurgeons and orthopedic spine surgeons to provide a turnkey suite of services that support intraoperative neuromonitoring activities during invasive surgeries. Assure employs its own staff of technologists and uses its own state-of-the-art monitoring equipment, handles 100% of intraoperative neuromonitoring scheduling and setup, and bills for all technical services provided. While Assure focuses primarily on supporting spinal and vascular surgeries, plans are in place to support other classes of medicine that rely on the standard of care that intraoperative neuromonitoring provides.
