## Assure Holdings Receives DTC Eligibility and Approval for Uplisting to OTCQB

DENVER, Feb. 25, 2019 (GLOBE NEWSWIRE) -- Assure Holdings Corp. (the “**Company**” or “**Assure**”) (TSXV: IOM; OTCQB: ARHH), a provider of intraoperative neuromonitoring services, has received approval from the Depository Trust Company (DTC), making its shares DTC eligible. In addition, the company’s common shares have been approved for trading on the OTCQB effective immediately and will remain under the symbol “ARHH.”

DTC provides depository and book entry services, along with a settlement system for equities in the United States and across the globe. The organization is a member of the U.S. Federal Reserve System and a registered clearing agency with the U.S. Securities and Exchange Commission. In addition, major U.S. stock exchanges, including Nasdaq and NYSE, require DTC eligibility to be listed on the respective exchanges.

The OTCQB is a premier market committed to providing investors high-quality trading and enhanced liquidity. To be listed, a company must be current in its financial reporting, pass a minimum bid price test and undergo an annual company verification and management certification process. Due to these more stringent standards, the Securities and Exchange Commission considers the OTCQB an established public market.

“Receiving DTC eligibility and approval for uplisting to the OTCQB market is an important step forward that expands Assure’s potential investor base in the United States,” said John A. Farlinger, Assure’s executive chairman and interim CEO. “Given the strong foundation we have laid and the continued execution of our growth strategy, we look forward to introducing our unique story to additional investors in 2019 and beyond.”

### About Assure Holdings

Assure Holdings Corp. is a Colorado-based company that works with neurosurgeons and orthopedic spine surgeons to provide a turnkey suite of services that support intraoperative neuromonitoring activities during invasive surgeries. Assure employs its own staff of technologists and uses its own state-of-the-art monitoring equipment, handles 100% of intraoperative neuromonitoring scheduling and setup, and bills for all technical services provided. While Assure focuses primarily on supporting spinal and vascular surgeries, plans are in place to support other classes of medicine that rely on the standard of care that intraoperative neuromonitoring provides. For more information, visit the company’s website at [www.assureneuromonitoring.com](http://www.assureneuromonitoring.com).

### Forward-Looking Statements

This news release contains certain statements that may constitute forward-looking

information under applicable securities laws. All statements, other than those of historical fact, which address activities, events, outcomes, results, developments, performance or achievements that Assure anticipates or expects may or will occur in the future (in whole or in part) should be considered forward-looking information. Such information may involve, but is not limited to, comments with respect to strategies, expectations, planned operations and future actions of the Company. Often, but not always, forward-looking information can be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "believes" or variations (including negative variations) of such words and phrases, or statements formed in the future tense or indicating that certain actions, events or results "may", "could", "would", "might" or "will" (or other variations of the forgoing) be taken, occur, be achieved, or come to pass. Forward-looking information is based on currently available competitive, financial and economic data and operating plans, strategies or beliefs as of the date of this news release, but involve known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements of Assure to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Such factors may be based on information currently available to Assure, including information obtained from third-party industry analysts and other third-party sources, and are based on management's current expectations or beliefs regarding future growth, results of operations, future capital (including the amount, nature and sources of funding thereof) and expenditures. Any and all forward-looking information contained in this press release is expressly qualified by this cautionary statement.
