AMC Entertainment Holdings, Inc. Announces Record Second Quarter 2018 Results

LEAWOOD, Kan.--(BUSINESS WIRE)-- AMC Entertainment Holdings, Inc. (NYSE: AMC) ("AMC" or "the Company"), today reported results for the second quarter ended June 30, 2018.

Highlights for the second quarter ended June 30, 2018, include the following:

- AMC set second quarter records for the three months ended June 30 period for all revenue categories: admissions, food and beverage and other.
- Total revenues increased 20.0% to \$1,442.5 million compared to total revenues of \$1,202.3 million for the three months ended June 30, 2017. Total revenues in the quarter included approximately \$313.2 million of revenues from our international theatres as compared to \$294.9 million for the three months ended June 30, 2017.
- Admissions revenues increased 17.7% to \$896.3 million compared to \$761.4 million for the same period a year ago.
- Food and beverage revenues increased 19.2% to \$445.8 million, compared to \$374.1 million for the three months ended June 30, 2017.
- Earnings before income taxes increased \$305.7 million to \$19.6 million, compared to a loss of \$286.1 million for the same quarter a year ago. Included in the loss before income taxes for the second quarter ended June 30, 2017 was a \$202.6 million other-than-temporary pre-tax impairment loss related to AMC's investment in National CineMedia, LLC and National CineMedia, Inc. ("NCM").
- Net earnings increased \$198.7 million to net earnings of \$22.2 million compared to net loss of \$176.5 million for the three months ended June 30, 2017.
- Diluted earnings per share ("diluted EPS") increased by \$1.52 to \$0.17 per share compared to a net loss of \$1.35 per share for the same period a year ago. Weighted average diluted shares outstanding in the second quarter of 2018 decreased approximately 2.3% compared to the second quarter last year as a result of the effect of 3.7 million shares repurchased since August 2017.
- Total Adjusted EBITDA⁽¹⁾ increased 80.3% to \$244.8 million compared to \$135.8 million for the three months ended June 30, 2017. U.S. markets Adjusted EBITDA for the second quarter grew 93.2% to \$222.2 compared to \$115.0 million in the same period last year. International Adjusted EBITDA for the second quarter grew 8.7% to \$22.6 million compared to \$20.8 million a year ago.

Adam Aron, CEO and President of AMC said, "Obviously we are very pleased by AMC's record results for the second quarter of 2018, especially given the magnitude of the impressive 20.0% increase in total revenues and an 80.3% year over year growth in Adjusted EBITDA for AMC. Our success was the result of our continued innovation in the design of our marketing programs and the theatrical experience we offer our guests, as well as an intense focus on the disciplined execution of our financial and operational strategies. And we had the opportunity to do so against a backdrop of a record setting industry movie slate that delivered the highest quarterly domestic box office admissions revenues in history."

Aron added, "In the second quarter of 2018, once again AMC truly blazed new trails on a wide array of fronts. Our AMC Stubs program crossed 15 million-member households, and now stands at 15.8 million. We launched AMC Stubs A-List, which as of midnight last night had 181,790 paid members. Our online advance ticketing activity in the U.S. is soaring, up 131% year over year. AMC's food and beverage revenue per patron in the U.S. was \$5.29, the highest of any major U.S. operator. Looking globally, AMC is the largest operator of premium large format screens in the world, and admissions revenues at our IMAX, Dolby Cinema and all of our premium large format screens grew in the quarter by 70.3% in the U.S. and 17.5% in Europe. In addition, we continued to march ahead renovating theatres with our signature recliner seats to very attractive financial returns both in the U.S. and in Europe, as well as in opening new theatres, with expectations to renovate 44 theatres and open 16 new ones this year. Nowhere did a theatre opening ever capture so much press attention as was the case at the new AMC Cinema in Riyadh. That April cinema unveiling, done in partnership with the sovereign wealth fund of Saudi Arabia, ended a 37-year ban on cinemas and is the first of what we expect will be 50-100 AMC Cinemas to open in the years ahead in our 16th country. We managed our expenses tightly, triggering a 570-basis point improvement to theatre adjusted EBITDA margins globally, including a 700-basis point margin improvement in the United States. And finally, in the quarter, we continued to buy back stock, pay an attractive dividend and deleverage -- in part due to our earnings strength and in part through AMC having successfully monetized some \$500 million of non-strategic assets over the past 11 months. Taking all this together, AMC made enormous progress in the second quarter of 2018."

Aron concluded, "While we are proud that AMC set financial records and outperformed the competition in Q2, it really shouldn't be a surprise that AMC did well financially at a time when industry revenues were robust. What may be the biggest news of all, though, is just how healthy are both AMC and the movie business overall. This is a solid and steady industry over the long haul. Theatre revenues have been growing over the past two decades. Honing in on our U.S. business in April through June, AMC's attendance per screen increased 21.1%, AMC's domestic admissions revenues were up 22.8%, outpacing overall domestic industry box office revenues which were up a still noteworthy 21.4%. Consider that movie after movie has shattered attendance and revenue records this year, and that all-time overall monthly domestic industry box office revenue records were set in five different months out of the past ten. It is finally time for the sky-is-falling-in cynics to admit that they misinterpreted a brief slump in moviegoing last summer. Our industry is flourishing and strong, and the prospects for AMC are enormously bright."

Highlights for the six months ended June 30, 2018, include the following:

- Total revenues increased 13.8% to \$2,826.1 million compared to total revenues of \$2,483.7 million for the six months ended June 30, 2017. Total revenues for 2018 included approximately \$714.7 million of revenues from our international theatres as compared to \$584.1 million in the six-month period a year ago.
- Admissions revenues grew 12.2% to \$1,771.3 million compared to \$1,578.9 million for the six months ended June 30, 2017.
- Food and beverage revenues increased 10.4% to \$851.6 million, compared to \$771.7 million for the six months ended June 30, 2017.
- Earnings before income taxes increased \$328.9 million to \$42.0 million, compared to a loss of \$286.9 million for the same quarter a year ago. Included in the loss before income taxes for the six months ended June 30, 2017 was a \$204.5 million other-than-temporary pre-tax impairment loss related to AMC's investment in NCM.
- Net earnings increased \$208.0 million to \$39.9 million compared to a net loss of \$168.1 million for the six months ended June 30, 2017.
- Diluted EPS increased by \$1.64 to \$0.31 per share compared to loss of \$1.33 per share for the same period a year ago. Weighted average diluted shares outstanding for the six months ended June 30, 2018 increased approximately 1.4% compared to the second quarter last year as a result of the additional public offering of 20.3 million shares in February 2017 offset by the repurchase of 3.7 million shares since August 2017.
- Total Adjusted EBITDA⁽¹⁾ grew 35.1% to \$522.7 million compared to \$386.9 million for the six months ended June 30, 2017. U.S. markets Adjusted EBITDA for the six months grew 37.6% to \$430.5 compared to \$312.9 million in the same period last year. International Adjusted EBITDA grew 24.6% to \$92.2 million compared to \$74.0 million in the same period a year ago. Much of the growth in international Adjusted EBITDA is due to the March 28, 2017 acquisition of Nordic Cinema Group Holding AB ("Nordic").

CFO Commentary

Commentary on the quarter by Craig Ramsey, AMC's Executive Vice President and Chief Financial Officer, is available at <http://investor.amctheatres.com>.

Additional information detailing select unaudited pro forma financial data for the quarter ended June 30, 2017 is included in the second quarter 2018 CFO Commentary. The select unaudited pro forma data for the six-month period ended June 30, 2017 combines the historical financial data of AMC and Nordic, giving effect to the acquisition, financings and theatre divestitures related to our acquisition of Carmike Cinemas, Inc. ("Carmike") as if they had been completed on January 1, 2017. The unaudited proforma data for the three-month period ended June 30, 2017 gives effect to the Carmike theatre divestitures. The historical consolidated financial information for Nordic has been adjusted to comply with U.S. GAAP. The classification of certain items presented by Nordic under IFRS has been modified in

order to align with the presentation used by AMC under U.S. GAAP. In addition to the U.S. GAAP adjustments and the reclassifications, amounts have also been translated to U.S. Dollars. The unaudited pro forma financial information is provided for informational purposes only and is not necessarily indicative of what our results of operations would actually have been had the acquisitions occurred on the date indicated. Please refer to the August 1, 2017 Form 8-K and 8-K/A on December 4, 2017 for additional information on pro forma financial statement adjustments. The historical results included in the CFO Commentary for the periods ended June 30, 2018 have been adjusted for constant currency. Constant currency amounts, which are non-GAAP measurements, were calculated using the average exchange rate for the corresponding pro forma period ended June 30, 2017.

Update on Share Repurchase Program

On August 3, 2017, AMC announced that its Board of Directors authorized the repurchase of up to \$100 million of the Company's Class A common stock over a two-year period.

As of August 1, 2018, the Company has repurchased approximately 56% of the authorized \$100 million, having purchased approximately 3.7 million shares of AMC's Class A common stock for approximately \$55.7 million, representing an average share price of \$15.07.

1) We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as net earnings plus (i) income tax provision (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance and to include attributable EBITDA from equity investments in theatre operations in international markets and any cash distributions of earnings from other equity method investees. These further adjustments are itemized above. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Adjusted EBITDA is a non-U.S. GAAP financial measure commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance (as determined in accordance with U.S. GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and estimate our value.

Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example,

Adjusted EBITDA:

- does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;

- does not reflect changes in, or cash requirements for, our working capital needs;
 - does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;
 - excludes income tax payments that represent a reduction in cash available to us;
 - does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and
 - does not reflect the impact of divestitures that may be required in connection with recently completed acquisitions.
- 2) Amounts represent preopening expense related to temporarily closed screens under renovation, theatre and other closure expense for the permanent closure of screens including the related accretion of interest, non-cash deferred digital equipment rent expense, and disposition of assets and other non-operating gains or losses included in operating expenses. The Company has excluded these items as they are non-cash in nature, include components of interest cost for the time value of money or are non-operating in nature.
- 3) Equity in (earnings) loss of non-consolidated entities includes a lower of carrying value or fair value impairment loss of the held-for sale portion of our investment in NCM of \$16.0 million for the six months ended June 30, 2018. The three and six months ended June 30, 2017 included an other-than-temporary impairment loss of \$202.6 million and \$204.5 million, respectively on our investment in NCM. The impairment charges reflect recording our held-for-sale units and other-than-temporary impaired shares at the publicly quoted per share price on March 31, 2018 of \$5.19 and June 30, 2017 of \$7.42. Equity in loss of non-consolidated entities also includes loss on the surrender (disposition) of a portion of the Company's investment in NCM of \$1.1 million during the three months ended March 31, 2018.
- 4) Includes U.S. non-theatre distributions from equity method investments and International non-theatre distributions from equity method investments to the extent received. The Company believes including cash distributions is an appropriate reflection of the contribution of these investments to its operations.
- 5) Attributable EBITDA includes the EBITDA from minority equity investments in theatre operators in certain international markets. See below for a reconciliation of the Company's equity loss of non-consolidated entities to attributable EBITDA. Because these equity investments are in theatre operators in regions where the Company holds a significant market share, the Company believes attributable EBITDA is more indicative of the performance of these equity investments and management uses this measure to monitor and evaluate these equity investments. The Company also provides services to these theatre operators including information technology systems, certain on-screen advertising services and our gift card and package ticket program. As these investments relate only to our Nordic acquisition, the second quarter of 2017 represents the first time the Company has made this adjustment and does not impact prior historical presentations of Adjusted EBITDA.
