Vuzix to Introduce its New Award Winning Ultralite™ Smart Glasses Platform at CES 2023

- *Vuzix Ultralite™ Smart Glasses named a CES 2023 Innovation Awards winner*
- *Vuzix Ultralite™ is sleek, modern, lightweight, wireless and power-efficient*
- *A breakthrough in smart glasses as the ultimate smartphone accessory*

ROCHESTER, N.Y., Nov. 17, 2022 /PRNewswire/ -- [Vuzix® Corporation](#) (NASDAQ: VUZI), ("Vuzix" or, the "Company"), a leading supplier of Smart Glasses and Augmented Reality (AR) technology and products, today announced that it has been named a [CES® 2023 Innovation Awards](#) winner in the Wearable Technology category for Vuzix Ultralite™, a new smart glasses solution which the Company intends to offer as an OEM platform. This is the Company's nineteenth consecutive year taking an award at CES. This year's CES Innovation Awards program received a record high number of over 2,100 submissions. The announcement was made ahead of [CES 2023](#), the world's most influential technology event, happening January 5-8 in Las Vegas, NV.

The Vuzix Ultralite™ AR Smart Glasses solution is a go-to-market ready, turnkey offering. Weighing in at a mere 38 grams and power-efficient with two days of run time on a single charge, Vuzix Ultralite™ is the world's most fashion forward smart glasses available and is designed specifically for the broader consumer markets. Vuzix' advanced monocular waveguide optics and custom micro display engine work together to create a crisp, transparent image that wirelessly delivers all the important information on a user's

smartphone/watch, hands-free right before their eyes. The glasses are ideal for language translation, closed captioning, messaging, directions and workout status among many other things. Prescription ready with multiple eyewear sizes and an array of component combinations available, Vuzix has started working with select world leading consumer electronic technology brands around the Vuzix Ultralite™ platform to bring the ultimate in lightweight, affordable smart glasses solutions to market.

"Vuzix is leading the charge to make the dream of sleek and fashionable smart glasses come true for the broader market, and it's happening as we speak," said Paul Travers, President and Chief Executive Officer at Vuzix. "The Vuzix Ultralite™ represents the lightest smart glasses solution available, taking full advantage of our extensive manufacturing capabilities and patent-protected leadership position in both waveguides and custom display engine solutions. Designed to work hand to glove with both Android and iOS phones make the Vuzix Ultralite™ the perfect smartphone accessory. Building off years of innovations in the smart glasses technology space, the Vuzix Ultralite™ OEM solution will enable leading consumer technology firms to accelerate deployment of AR smart glasses solutions to the masses."
