# WisdomTree Reports Monthly Metrics for June 2026

*Approximately \$9 billion of net inflows year-to-date, and nearly 13% annualized organic growth rate*

*Delivered 6th consecutive quarter of record AUM*

NEW YORK--(BUSINESS WIRE)-- WisdomTree, Inc. (NYSE: WT), a global financial innovator, today released monthly metrics for June 2026, including assets under management (AUM) and flow data by asset class.

Note: The table and commentary below exclude AUM and flows related to private assets managed by Ceres Partners, LLC, which had approximately \$2 billion in AUM at March 31, 2026. This information is reported with our quarterly earnings results.

## Commentary:

- Generated over \$3 billion of net inflows during the second quarter and nearly \$9 billion of net inflows in the first half of 2026, an approximate 13% pace of annualized organic growth
- Modest net outflows in June were driven primarily by a risk-off macro environment, offset by continued strength in fixed income, U.S. equity, alternatives, and cryptocurrency
- Thematics remain a standout, with nearly \$200 million of June net inflows into our global Quantum strategies and another \$100 million into our AI and robotics products
- Alternatives generated positive flows, led by the Atlantic House product suite, which we will continue to expand globally over time
