

## **Environmental, Social and Governance Commitment**

At Main Street, we believe that thoughtful consideration of Environmental, Social and Governance (ESG) matters provides meaningful value to our employees, portfolio companies, shareholders and community. We believe that our commitment to implementing business practices mindful of ESG matters will have a lasting positive impact on all of our key stakeholders. Therefore, we are dedicated to taking ESG considerations into account with respect to our corporate activities at Main Street, including in the evaluation of investments.
